

*Guide On was established in 2006 to support families of fallen United States military service men and women by providing leadership training and outdoor activities to the children who have experienced the death of a serving military parent. Guide On stands in the gap left by the fallen parent, providing relief for the surviving spouse and unique activities for the children.*

Our Corporate Sustaining Partners are the backbone of Guide On, enabling our organization to continue ongoing support to the families of fallen United States military servicemen and women.

The Corporate Sustaining Partner Program offers a broad array of marketing opportunities for your company according to your giving level. These multi-year partnerships are powerful demonstrations of your commitment to Guide On and the fallen warrior's community. As a Corporate Sustaining Partner, you and/or your firm will receive a sustained level of exposure throughout your years of giving.

We thank you for considering Guide On in your long term giving plans.

*Guide on is a 501 (c)(3) nonprofit corporation. Tax ID #27-1342388*
